Principal

Titan Families:

It is with honor and great pleasure to be serving as Principal of Arsenal Technical High School (ATHS). I have been a part of the IPS family for over four years and an educator for over 14 years. ATHS has made great progress over the years in ensuring the success for all students. The following six school programs will guide the instruction and decision making of the school:

1. Math & Science
2. New Tech
3. Public Law & Policy
4. Construction, Engineering, & Design
5. Career Technology Education
6. Freshman Academy

ATHS is a wonderful place for students from diverse backgrounds to grow educationally, become involved in their school, and have a meaningful high school experience. We strive to create an environment where each student is given the attention necessary to achieve his/her individual success. Students not only experience strong academics, but they also have access to clubs and athletics.

ATHS provides a unique experience to students, as we seek to ensure that upon graduation; every child is either enrolled, enlisted, or employed. We are also pleased to announce and promote our many partnerships with 100 Black Men, The Boner Center, Peace Learning Center, IUPUI, the Indianapolis Colts, Tech Alumni, and many others.

Safety and Security is also a big priority of ours this year. To that end, ATHS will be a **closed campus**. All visitors, after 7:30 a.m. must access campus through the Arsenal Building, from the Michigan Street entrance/exit. To extend, each visitor must sign in and be given a visitor's pass to be on campus. We have also increased the amount of staff that can assist in maximizing safety and security on our campus.

I am proud to serve as the Principal of ATHS. I welcome meeting current and prospective parents and look forward to engaging conversations on how to continue to assist our students in reaching their goals. My door is always open!

Educationally,

A handwritten signature in black ink, appearing to read "Corye J. Franklin".

Mr. Franklin, ATHS Principal
