IPS REBUILDING STRONGER

STAKEHOLDER INPUT REPORT

PHASE 1

2021
As the Indianapolis Public Schools has embarked upon the development of a long range plan to reinvent, rebuild, redesign, and rethink the shape of its family of schools, how it spends resources, and how to effectively leverage facilities, one central goal remains clear - the commitment to ensuring excellent offerings exist for all students in all neighborhoods.

Designed with the community at the center, the planning process incorporates an extensive stakeholder engagement strategy that asks the community to imagine the IPS of the future. By leveraging their expertise and insights, IPS desires to better understand and explore challenges, trade-offs, and solutions in order to set a vision together for the education of all children it serves.

From the beginning, IPS has maintained a commitment to ensuring the community is not only heard, but that their input is used to guide and inform the planning process and resulting focus of future plans. IPS has remained clear and consistent that the central goals of the planning process are to:

- To rebuild stronger through plans that celebrate our diversity and the possibility of ALL our children.
- To respond to the dreams and aspirations of our children and families.
- To ensure we pursue excellence through a commitment to equity.
- To ensure any family would be delighted to send their child to any IPS school.
ENGAGEMENT OPPORTUNITIES

In order to effectively engage stakeholders to inform future plans, IPS has identified opportunities for engagement across all 4 phases of the planning process. By providing ongoing opportunities for community input and voice throughout the process, IPS ensures that not only is it focused on Rebuilding Stronger, but Rebuilding Stronger Together.

PHASE 1
Vision and Set Priorities
IPS will engage the community to imagine the IPS we want in the future.

PHASE 2
Plan and Model
IPS will engage the community to inform the initial draft plans.

PHASE 3
Refine and Finalize
IPS will engage the community to revise the finalize the plan.

PHASE 4
Refine and Finalize
IPS will collaborate with the community to implement the plan.

GUIDING VALUES & COMMITMENTS

As IPS prepared to implement the defined planning process, the core values of the district were leveraged as a guide to ground the activities and approaches identified. All staff and stakeholders who participate in any phase of the process are asked to also commit to these values to guide their collaborative efforts.

STUDENTS FIRST
We will keep students at the center of our planning process.

RACIAL EQUITY
We will ensure our long range planning gives all students the opportunity for success.

CONTINUOUS IMPROVEMENT
We will leverage our strengths and assets while owning and addressing our opportunities to be bolder and better.

INTEGRITY
We will be honest and transparent with one another while communicating with care.

COMMUNITY
We will listen, respect the ideas of others and ensure all voices are included and heard.
It was essential that input be collected from a wide range of stakeholders to properly inform the planning process and resulting vision for IPS. The diverse knowledge and expertise of each stakeholder group provided unique insights and were key to ensuring a comprehensive vision was developed.

The following groups were among those targeted by IPS for input during Phase 1 of the planning process:

- Current Students
- Former Student/Alumni
- Current Parent/Guardian
- Perspective Parent/Guardian
- Staff
- Funder
- Neighbor
- Business Leader
- Employer Partner
- Higher Education Partner
- Community Partner
- Policy Maker
- Faith Based Partner

As IPS embarked upon the planning process, it was clear that several methods of engagement would be required to effectively capture the vision of community stakeholders.

By leveraging diverse engagement strategies IPS was able to ensure accessibility and encourage participation across stakeholder groups.

The following 4 engagement methods will be leveraged across the phases of the planning process:

- Survey
- Community Conversations
- Youth Engagement
- Interviews

It was essential that input be collected from a wide range of stakeholders to properly inform the planning process and resulting vision for IPS. The diverse knowledge and expertise of each stakeholder group provided unique insights and were key to ensuring a comprehensive vision was developed.

The following groups were among those targeted by IPS for input during Phase 1 of the planning process:

During Phase 1, IPS utilized all four engagement methods to collect feedback from the community to determine their vision for the future of IPS.

Questions posed during Phase 1 were focused on eliciting input to define the vision and identify key priorities.

- What is one strength you value and appreciate about IPS?
- What would allow you to say with pride that IPS is excellent? If our long-range planning is successful – what does excellence look like to you?
- What would you like to see IPS do differently?
- What does a just and fair district look like to you?
Phase 1 Stakeholder Input

KEY THEMES AND INSIGHTS

Based on the responses received to the questions posed during Phase 1 engagement activities, key themes emerged that helped to identify the existing strengths of IPS, define the community's vision for the future of IPS, and determine the associated outcomes desired. The following highlights the key insights that resulted from Phase 1 engagement activities.

OUR STRENGTHS TO BUILD FROM

OUR PEOPLE
- Brilliant Youth/Students
- Dedicated, Caring, Passionate Teachers & Principals - Strong & Approachable Leadership - Talented Staff
  - High expectations
  - Student-centered
  - Sense of community/pride
  - Family atmosphere - collaborative – teamwork
  - Experienced and knowledgeable
- Commitment to & Action on Racial Equity
  - Serve All Students
  - Close Gaps - Board Goals for 2025
  - Student-centered and Equity-centered Decision Making
  - REI Training
- Diversity of Students, Families, Staff & Neighborhoods
- Openness to Innovation and Continuous Improvement – Recognize Success & Support Improvement – Proactive, Agile, Growth Mindset
- Commitment & Care for Our Teachers
  - Compensation & Benefits
  - Wellness
  - PD and in-house resources
  - Supported
  - Retention
  - Growth opportunities
- Communication & Transparency
- Diligent, Resilient, and Persistent
- Opportunities for Open Dialogues and to Give Input – Responsive to Input
- Pandemic Response
- Commitment to Public Education
- Consistency & Stability
- Unity, Culture and Sense of Purpose – Central force in Indianapolis developing/education students and creating lifelong learners
- Reflect & Acknowledge Weaknesses
- IPS Alumni
- Data Driven
- Committed Families

OUR PROGRAMS
- Diversity of Curriculum and Programs
  - Whole Child – Trauma Informed Care, Social Emotional Learning, Belonging, Learning Styles, Adapting to Student Needs
- Choice & Options
- Student Supports & Resources/Resources for Special Populations
- Small Neighborhood Community Schools/Proximity
- Instructional Practices/How We Teach/Teaching Future Leaders
- Family Supports & Resources (Food Insecurity)
- Rich History – Foundation of Indianapolis
- Improved Technology Access/Infrastructure/ 1 to 1 Access
- Enrichment & Athletics
- Safety
- Buildings/Facilities

OUR PARTNERSHIPS
- Strong Community Partnerships – Collaborative Spirit Across All Schools
- Communities Around Our Schools
- Parent Engagement
**Effective & Cared for Staff**
Every student is being educated and supported by competent and cared for staff that have what they need to support each student’s unique potential.

**Equitable Opportunities**
Every student has access to high quality, well-resourced choices.

**Student-Centered Learning**
Every student has what they need when they need it to learn and grow.

**Culture of Engagement & Excellence**
Every student benefits from diverse stakeholders who are informed, engaged, and aligned to create a culture of excellence and school pride.

**Whole Child Approach**
Every student's full developmental needs are prioritized to advance education equity and ensure they reach their full potential.

**Community Collaboration & Assets**
Every student and their family have access to meaningful wraparound supports and community assets.

*Listed in order of frequency mentioned*
DESIRED OUTCOMES
How will we know if we have achieved Equitable and Excellent?

Outcomes are listed below in order of frequency mentioned

In order for the Community Vision outlined to be considered successful, stakeholders indicated that the following key outcomes would need to be achieved:

- Student Success
  (Beyond Test Scores)
- 2025 Board Goals Achieved
- Racial Equity Realized
- Increased Enrollment

- No performance gaps by race or income
- Increased pass rates for ELA and Math (80-90%)
- Increased student retention (at individual schools and across IPS thru key transitions)
- Decreased dropouts, suspensions, and expulsions
- Increased graduation rates
- Increased post-high school enrollment (college, trade, career with livable wage)

- Increased academic growth AND excitement for learning
- Graduates are prepared – no remediation needed
- Higher rates of generational wealth accumulation in black/brown communities
**Student-Centered Learning**

Every student has what they need when they need it to learn and grow.

**DETAILING THE VISION**

*Input under each priority theme is listed in order of frequency mentioned

**Equitable Opportunities (Continued)**

| Provide Options | • Local High School Options  
|                 | • 6th-8th grade school – true middle school options  
|                 | • Meet needs of middle school students |
| Safety          | • Ensuring safe passage to school and safety at school  
|                 | • Behavior management - Conduct enforcement, no police in schools, consistent discipline, fair treatment, self-regulation rooms, appropriate behavior management versus none, de-escalation, parent engagement, effective and positive in-school suspension program, address bullying, school culture  
|                 | • Providing transportation  
|                 |   • Traffic studies, partner with IMPD, safe routes to schools, school crossing guards  
|                 |   • To Pre-K programs  
|                 |   • Neighborhood schools – proximity – decrease transportation cost |
| Equitable Funding | • Equitable no matter the school model  
|                 | • Referendum funds are equitably shared  
|                 | • Shared across departments and programs  
|                 | • Resources, supplies and materials are accessible for all schools, classes, and programs |
| Clear and Informed Message Regarding Choice | • Portfolio of schools – understanding all the options – need to communicate in a way that is family and student friendly  
|                 | • Middle and high school options  
|                 | • Confidence that all choices are EXCELLENT  
|                 | • Lottery process  
|                 | • Program options |
| Rigor | • Challenging for all students, maintain high expectations  
|                 | • Stop giving credit for assignments not turned in  
|                 | • Maintain high expectations throughout high school  
|                 | • Ready for post-secondary options – college or career |
| Out-of-School Time | • Robust and accessible offerings to accelerate learning  
|                 | • Free tutoring  
|                 | • Athletics and facilities |
| Specials | • Offer art, music, PE, library, choir, band, orchestra at all schools  
|                 | • Expand specials in school and during out of school time |
| Facilities | • Consolidate, improve, and build new facilities  
|             | • Improved outdoor spaces  
|             | • Meaningful reuse plan for under-utilized buildings or buildings no longer needed |
| Diversity, Equity, and Inclusion | • Conduct audit at district and school levels – check DEI language policy for consistency and understanding |
**Effective and Cared for Staff**

Every student is being educated and supported by competent and cared for staff that have what they need to support each student’s unique potential.

| Attract and Retain Top Talent | • Staff feel valued, recognized, supported and satisfied  
|                              | • Fairly compensated for the work they do – significant emphasis on support staff  
|                              | • Staff have access to mental health supports, well-being and self-care |
| Empower Staff                | • Empower principals and teachers to address problems – building level autonomy – empower/enable innovation at ALL schools – innovation can happen within if empowered to innovate  
|                              | • Autonomy in hiring, curriculum, PD and school hours  
|                              | • Empower to meet needs of student body  
|                              | • Minimize district mandates and micromanaging – establish framework/standards – then hold accountable to data  
|                              | • Provide resources to schools to communicate with their students and families |
| Appropriate Staff Capacity   | • Adequate staffing to meet student needs  
|                              | • Class size, counselors, nurses, support staff, tutors, mentors, substitutes, SPED, ESL  
|                              | • Address staff stress including teacher role/responsibilities and workload  
|                              | • Capacity to execute bold long range vision |
| Professional Development     | • Robust, accessible, and high quality options  
|                              | • Restorative practices, trauma informed care, cultural competence, differentiated instruction, co-teaching, racial equity  
|                              | • Peer learning (within and across schools), personalized coaching, scaffolded approach, customized at school building level, appropriate for experienced teachers, team time, teacher/staff collaboration across schools  
|                              | • New teacher support program  
|                              | • Focus on principals/building level leadership  
|                              | • Best of class resources that schools can opt into  
| Workforce Pipeline & Growth Opportunities | • Develop our own school leader/teacher pipeline  
|                                          | • Establish partnerships to develop our teacher pipeline  
|                                          | • Diverse staff (culturally and linguistically) reflective of student body – increasing number of Black and Latino educators – more male educators  
|                                          | • Data on effectiveness and retention rates of partners supporting the pipeline  
|                                          | • Incentivize staff to live in their school geography and educate their own children at IPS schools  
|                                          | • Address teachers who are not performing |
| Strong and Competent Leadership | • Integrity and values driven  
|                                | • Appropriate capacity at the district level |
| Connected Administration       | • In-tune with staff/teacher wants and needs  
|                                | • Spend time weekly in schools with students – to build on the ground knowledge and trust with those doing the work  
|                                | • Teacher voice in curriculum changes and vetting new models |
## DETAILING THE VISION

*Input under each priority theme is listed in order of frequency mentioned*

### Culture of Engagement & Excellence

Every student benefits from diverse stakeholders who are informed, engaged, and aligned to create a culture of excellence and school pride.

<table>
<thead>
<tr>
<th>Listen to Stakeholders</th>
<th>Family Engagement</th>
<th>Focused, Shared, and Common Purpose</th>
<th>Transparent and Data Driven Accountability</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Ensure the voices of all stakeholders are heard</td>
<td>• Parent – teacher partnership to support student success is critical – expand capacity for teachers to engage with parents</td>
<td>• Maintain a culture of excellence focused on student outcomes</td>
<td>• Multiple measures to determine school success - balance amount of testing - don't teach to the test - bigger purpose and vision</td>
</tr>
<tr>
<td>• Prioritize students and families</td>
<td>• Family engagement – clear pathways for parent advocacy – empowered students and families – parents as partners - strategies for student support in the home and family – parent communication and outreach – parent accountability (schools can't do it alone) – district level PTA/PTO – engage parents and students together</td>
<td>• All stakeholders understand the why and the what - shared commitment and purpose</td>
<td>• Data driven (leverage data to understand what is/isn't working, leverage evidence based practices that demonstrate impact specifically with urban schools and children of color)</td>
</tr>
<tr>
<td>• Listen to teachers and support staff that are doing the work</td>
<td>• Proactive, aspirational, avoid scarcity mindset</td>
<td>• Focus and clarity of priorities and action</td>
<td>• Clear systems of evaluation at all levels (district, school administrators, teacher and student)</td>
</tr>
<tr>
<td>• Round table that consistently informs district efforts and decisions</td>
<td>• Limit the number of game changers for students and teachers – specify actual levers and strategic moves – keep it simple – allows for clarity and alignment – build momentum – too many priorities with nothing getting done – people checkout</td>
<td>• Seek out skeptics who think this is just another plan and process</td>
<td>• Transparency (in decision-making, when wrong and have made a mistake, related to outcomes for all including sub-populations and low performing schools)</td>
</tr>
<tr>
<td>• Remove barriers and increase access for stakeholder engagement - go to the community, offer childcare, improve timeliness of invitations</td>
<td>• Tell the greater story to cultivate support, engagement and investment</td>
<td>• District level PTA/PTO – engage parents and students together</td>
<td>• Share the good – increase external stakeholder exposure to what is GREAT about myIPS – media attention</td>
</tr>
<tr>
<td></td>
<td>• Address challenges (failing schools) - data-driven, action and effective implementation, decisive with urgency</td>
<td>• Parent, student, and teacher task forces</td>
<td>• Celebrate all schools</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• IEP parent support groups</td>
<td>• Improve perception and sense of pride</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Strengthen student recruitment</td>
</tr>
</tbody>
</table>

**IPS - REBUILDING STRONGER**

PAGE 11
DETAILING THE VISION

*Input under each priority theme is listed in order of frequency mentioned

Whole Child Approach

Every student’s full developmental needs are prioritized to advance education equity and ensure they reach their full potential.

Social Emotional Learning, Health and Well-Being
- Life skills lesson plan supports
- Address trauma
- Mental health supports

Cultural Awareness
- Emphasis on improving knowledge, understanding, and cultural competence

Communication
- Peer to peer conflict resolution – restorative practices

Physical Health
- Movement (PE and recess)
- Healthy meals

College & Career
- Exploration/readiness – start at early age – all options – trade school – diverse pathways

Financial Literacy
- Education and skills development

Community Collaboration & Assets

Every student and their family have access to meaningful wraparound supports and community assets.

Expand Community Partnerships
- Expand and strengthen community partnerships that fill gaps, address challenges and demonstrate strong results (serving BIPOC)
- Work with local community partners to map existing local assets and align with student needs
- 2Gen approach and resources to support family stability and retention – consistent attendance at a school – whole family
- Explore partnerships/engagement models to increase student support and exposure to opportunities (like career pathways) – parent and community volunteers – university partnerships

School Capacity to Partner
- Remove barriers to community involvement in schools – wrap around supports
- Build school capacity to leverage community partnerships and a safety web of wraparound supports (leverage local community knowledge, skill, time and resources to meet needs of students – mental health, dental, wellness, food pantries, housing, family stability supports)

School to School Partnerships
- IPS has a relationship with ALL schools serving kids in the geography – partner with schools serving BIPOC successfully
