

INDIANAPOLIS PUBLIC SCHOOLS INNOVATION NETWORK SCHOOLS

Innovation Network Schools operate with the authority to make decisions about certain aspects of their school—both academic and operational. They are held accountable by the school district for achieving high academic goals and strong student achievement. The purpose of Innovation Network Schools is to allow our district, and schools within our district, greater flexibility to make decisions based on the specific needs of a school’s student body. In IPS, there are five pathways a school may take to become an innovation school:

INNOVATION:
NEW

A new school may launch in partnership with IPS as an Innovation Network School within the IPS LEA.

- Thrival Academy 🌱
- Manual High School 🌱

INNOVATION:
JUMPSTART

A lower-performing existing IPS school, with community support, may convert to innovation status as a self-initiated improvement strategy.

- Sankofa School @ 99 🌱
- Thomas D Gregg @ 15 🌱

INNOVATION:
CONVERSION

A high-performing, existing IPS school may convert to innovation status based on the will of the school leadership and community.

- Cold Spring School 🌱
- Edison School of Arts @ 47 🌱
- SUPER School @ 19 🌱
- PLA @ 93 🌱

INNOVATION:
RESTART

IPS leadership recommends that a chronically low-performing school be restarted by a partner.

- Adelante @ Emma Donnan 🌱
- Global Prep @ 44 🌱
- Liberty Grove @ 42 🌱
- Kindezi Academy @ 69 🌱
- Matchbook @ 63 🌱
- PLA @ 48 🌱
- The Path @ 67 🌱
- URBAN Act @ 14 🌱
